

Wildchild

Group Membership

For schools, community clubs
& children's organisations

Introducing a new membership programme for schools, community clubs and children's organisations. This membership package is devised to enhance your efforts to teach children about their local wildlife in an informative and entertaining way. If you are looking for some extra inspiration from wildlife experts, ideas of how to engage a group outdoors or a pre planned environmental activity, then this is the membership!

Enjoy the benefits!

You will receive a welcome pack containing:

- A membership certificate to display.
- Your Wildlife Watch pack which includes a children's magazine published four times a year, posters and an activity book full of information on wildlife and things to do. Plus, Staffordshire Wildlife Trust's adult magazine three times a year, and our What's On leaflet, to see all our events near you.
- An electronic copy of our *Wildchild* booklet, offering lots of practical ideas for outdoor crafts, games and activities.
- A free "30 Days Wild" schools pack, arriving in May, giving your staff and children plenty of ideas of how to spend 30 days wild in June.
- A free 30 minute video call (live or pre-recorded) for your class / group with one of our members of staff. Does your class or group want to find out more about a nature topic? Let them ask questions during a "Wildlife Question Time".
- Access to the password-protected area of our Wildlife Watch website, where you'll find back issues of magazines, printable activity sheets, images/graphics, and a brand toolkit for Watch Groups.
- 10% off activities booked with the Trust. Your school or group can book a trip for up to 60 children, an after school session or a group wildlife activity.

Your membership will:

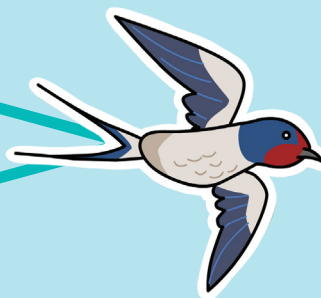

- Save you time by offering you lots of outdoor creative ideas for activities and projects.
- Save you money by giving you access to a 10% discount off any booked activities with the Trust.
- Give your green credentials a boost within the local community, meet national curriculum objectives and contribute towards eco-school awards and sustainable schools.

Adrien Clarke

If you'd like to find out more about membership, please contact our team on 01889 880100 (switchboard) or email getwild@staffs-wildlife.org.uk
