Want to know what wildlife lives on your doorstep?

By taking part you'll learn how to identify species
and meet others who are interested in nature!

The data you collect on the walks will help
Staffordshire's Ecological Records service
protect wildlife for future generations.

You can also join in the Wildfamilies activities,
such as pond dipping, tree bingo and clay
creature modelling.

Saturday 29th April 11.00am—2.00pm

Book on or Drop-In!
