This visitor centre and cafe are run by Staffordshire Wildlife Trust. We're a charity dedicated to protecting and restoring the county's wildlife and wild places, and connecting people with nature.

Much of the work we do is only possible thanks to the generosity of our members.

For as little as £3.50 a month you could join our community of nature enthusiasts, helping us protect important wild spaces so that wildlife has a home.

Donate today to protect vulnerable wildlife from fires that destroy irreplaceable habitats they rely on

A fire on a nature reserve is devastating for ground-nesting birds, small mammals, reptiles, and countless insects. They lose their nests, their young, and their food. These funds will help to reduce the risk by creating stronger natural firebreaks, improving water access, and giving our teams the equipment they need to act. Can you help?

We must raise £15,000 this summer
